NPIC/TSG/RED-173-70
13 July 1970

MEMORANDUM FOR: Deputy Chief, Training Branch, Support Staff, NPIC
SUBJECT : Comments on Criteria for Selection of Co-ops and Summer Interns

The document TB-70 regarding criteria for selection is acceptable with the following changes:

- 1.b. Physics should include optics as a speciality.
- 1.f. We would like to add psychology - especially experimental with emphasis on statistics and experimental design - not clinical.
2. Grade points are not overly critical as long as the individual has a high degree of motivation and has previously had some work experience. We are not interested so much in degrees but in the man's ability to produce.
4. The RED can accept three co-ops per year if their work periods do not coincide and up to five summer interns a year. However, placement upon graduation cannot be guaranteed under present T.O. restrictions.

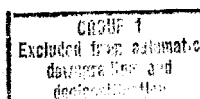

Deputy Chief,
Research & Engineering Division, TSG
